Brother LC-37/57/73/77

Kit Code: K63BK

Easyrefills kit

Kit Contents:

- 2 x 70mls ink bottles (black)
- 1 x plastic gloves
- 1 x absorbent pad
- 1 x Brother refill tool with bottle

Preparation:

- Put on the gloves supplied
- Cover your work area in newspaper in case of accidental spillage.
- Read these instructions thoroughly
- Remove the cartridge from your printer (only do this when ready to refill.)

NB: Ink stains so we would recommend you wear old clothes or an apron when refilling.

Preparation

Transfer ink to the filling bottle making sure there is enough ink in the filling bottle to fill the cartridge but do not fill to the top.

Attach the fitting at the end of the tube over the plunger valve on the cartridge as shown. Push or turn the fitting onto the cartridge to ensure a firm fit.

1 Step One

Insert the syringe into the top of the bottle. Pull back the syringe as far as you can and then remove the syringe. The ink will flow into the cartridge.

Repeat step 2 until the cartridge is full. The ink level can be seen by looking at the clear sight window on the cartridge.

3 Step Three

4 Step Four

Remove the fitting from the cartridge and insert it into the top of the refill bottle for safe storage. Return the cartridge to the printer and run the head cleaning utility.

Congratulations, by refilling your inkjet cartridges not only are you saving money but you are also helping to save our planet by reducing polluting waste.

5 Step Five

6 Step Six

Q: Prints with streaks through text or image?

A: This could mean that the print nozzles are blocked, therefore preventing ink to flow freely. To correct this problem use the printers cleaning routine.

Q: Ink stains on clothes?

A: Try applying white vinegar to the affected area immediately, soaking in cold water for half an hour and washing as normal.
