Canon CL-38/CL-41/CL-51

Kit Code: K73CLR

AUSTRALIAN MADE

Easyrefills kit
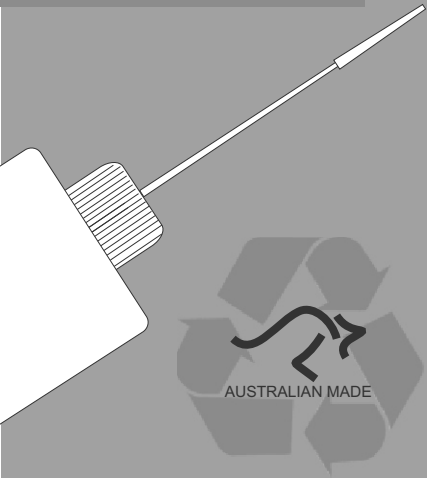

Preparation

Kit Contents:

3 x 40mls ink bottles (C,M,Y)
1 x plastic gloves
1 x hand drill
1 x absorbent pad

Preparation:

- Put on the gloves supplied

- Cover your work area in newspaper in case of accidental spillage.

- Read these instructions thoroughly

- Remove the cartridge from your printer (only do this when ready to refill.)

NB: Ink stains so we would recommend you wear old clothes or an apron when refilling.
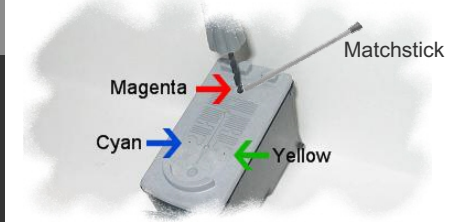

1 — Step One

Sit the cartridge on newspaper or simply cover the ink outlet hole with a piece of tape. This will prevent ink from leaking while you are refilling the cartridge.

2 — Step Two

Peal off the top label. You will notice three small holes (too small to refill)

3 — Step Three

Matchstick

Drill each hole larger with the hand drill. Using the wooden end of a matchstick, check each sponge correspondends to the colours on this sheet BEFORE refilling.

4 — Step Four

Insert the refill needle into the filling hole. Angle the needle toward the ink outlet hole at the bottom of the cartridge and push down as far as possible.

General Information

Printer Compatibility:

PIXMA iP1200,PIXMA iP1600,PIXMA iP2200, PIXMA iP1610D,PIXMA 6220D,PIXMA Mp150, PIXMA MP170, PIXMA MP450,PIXMA iP6210D, PIXMA iP1700,PIXMA iP1300,PIXMA Mp160, PIXMA MP180,PIXMA Mp460, PIXMA iP6320D + MORE

7 refills per kit

Easyrefills manufactures all refill kits at it's Queensland headquarters. Importing the finest quality American made inks that are in most cases better than or equal to original manufacturers specifications. Each kit has a shelf life of two years and is covered by a 100% guarantee.

www.easyrefills.com.au
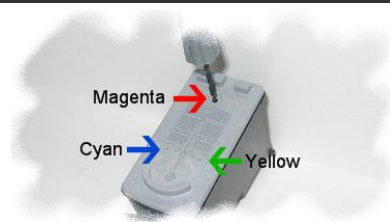

5 — Step Five

S-l-o-w-l-y and gently squeeze the ink refill bottle to force ink into the reservoir until it is almost full.

6 — Step Six

When finished refilling replace the top label or leave it off, this will make no difference in the printing.

7 — Step Seven

Install the cartridge into your printer and run the head cleaning utility (see printer manual). For best results wait 24 hours before you resume printing.

8 — Step Eight

Each time the cartridge is removed from the printer a"empty cartridge" message appears and a blinking amber light will come on,on the printer. Holding the paper feed or stop reset button down for 3-5 sec, will allow you to override the counter.

? — Trouble shooting

Q: Cartridge will not print?
A: If the cartridge does not print after refilling, rest the print nozzles on a wet tissue. This will draw ink through the nozzles. Leave for 10 minutes and try printing again.

Q: Prints with streaks through text or image?
A: This could mean that the print nozzles are blocked, therefore preventing ink to flow freely. To correct this problem use the printers cleaning routine. If this does not work, rest the print nozzles on a wet tissue. This will draw ink through the nozzles. Leave for 10 minutes and try printing again.

Q: Ink stains on hands and clothes?
A: To clean your hands, first wash thoroughly in soap and warm water. If the stain persist, try using bathroom cleaner. It may take several washes to remove the ink. There is no real solution to ink stained clothe. However if you are using a dry cleaner, you can tell them the ink is based on water soluble dye with ethylene glycol added.
